Property Management In Islam - 'Wakaf' Pengurusan Harta Dalam Islam - Wakaf

Ustaz Ibnu Hubain Abdul Aziz delivering the religious talk
Ustaz Ibnu Hubain Abdul Aziz sedang memberi tazkirah

20 October 2017 : The Islamic Religious Department (IRD) of Perangsang Selangor headed by Ustaz Khairunnajmi Abd Jalil, organised an Islamic Finance Course titled 'Wakaf' (endowment made by a Muslim to a religious, educational, or charitable cause) presented by guest speaker, Ustaz Ibnu Hubain Abdul Aziz of Perbadanan Wakaf Selangor. A total of 23 staff attended the programme which was held at Surau level 17, Plaza Perangsang.

'Wakaf' is derived from the word 'wakafa' which means stop or hold. 'Wakaf' is defined as a practice of handing over property owned for the benefit of the public. 'Wakaf' is a branch of worship because the basic purpose of 'wakaf' is to bring closer and enjoy the blessings of Allah SWT by way of spending one's wealth in the way of Allah's command.

Example of waqf practice is when a person who hands over a land for the purpose of building a mosque for the benefit of the people to worship and to carry out religious activities. 'Wakaf' can be implemented with permanent properties such as land, buildings,

houses and even cash.

'Wakaf' mechanism is a worship that has a deep religious foundation. The fuqaha' (an expert in Islamic law) view that the practice of 'wakaf' has two basic objectives of contributing to community development and the person who performs 'wakaf' will receive an eternal and lasting reward until the hereafter.

20 Oktober 2017 : Jabatan Agama Islam (IRD) Perangsang Selangor yang diketuai oleh Ustaz Khairunnajmi Abd Jalil telah menganjurkan kursus Pengurusan Harta Dalam Islam bertajuk Wakaf yang dibentangkan oleh penceramah, Ustaz Ibnu Hubain Abdul Aziz dari Perbadanan Wakaf Selangor. Seramai 23 kakitangan telah menghadiri program tersebut yang diadakan di Surau Tingkat 17, Plaza Perangsang.

Wakaf berasal dari perkataan 'wakafa' yang bermaksud berhenti atau tertahan. Wakaf diertikan sebagai satu amalan

penyerahan harta yang dimiliki untuk kegunaan atau manfaat orang ramai. Wakaf merupakan satu cabang ibadah kerana tujuan asas amalan wakaf adalah untuk mendekatkan diri dan mendapat keredhaan Allah SWT dengan cara membelanjakan harta ke jalan Allah.

Contoh amalan wakaf adalah seperti seseorang menyerahkan tanah yang dimilikinya untuk dibina masjid di atasnya bagi kegunaan orang ramai beribadah dan menjalankan aktiviti keagamaan. Wakaf boleh dilaksanakan dengan harta yang berbentuk kekal seperti tanah, bangunan, rumah dan juga wang tunai.

Mekanisme wakaf merupakan satu ibadah yang mempunyai asas agama yang mendalam. Para fuqaha' (pakar undang-undang Islam) berpandangan bahawa amalan wakaf mempunyai dua objektif asas iaitu menyumbang kepada pembangunan masyarakat dan pewakaf akan menerima ganjaran pahala yang berkekalan dan berterusan hingga ke hari akhirat.

'Lunch And Learn' - Taksiran Zakat Pendapatan

Ustaz Mohd Hatta (tengah) dari Lembaga Zakat Selangor menyampaikan taklimat taksiran zakat pendapatan

25 October 2017 : Tithe or 'zakat' means spiritual purification or cleanse. In the Islamic faith, 'zakat' means purifying your wealth for the will of Allah SWT; to acknowledge that everything we own belongs to Allah SWT and to work towards the betterment of the Muslim community. According to Islamic regulations, 'zakat' is 2.5% of one year's total cumulative wealth. This amount is then distributed to the poor. Prophet Mohammad (PBUH) has said "Whoever pays the 'zakat' on his wealth will have its evil removed from him" (Ibn Khuzaimah and at-Tabaraani). 'Zakat' is not only a mean to purify one's wealth, but it is also a spiritual purification which serves as a means to draw an individual closer to the Creator, Allah SWT.

Due to the awareness, the Human Resource and Administration Department and the Chairman's Office organised a Lunch and Learn session on 'zakat' assessment at Meeting Room 1, Level 17 Plaza Perangsang. The briefing

on tithe obligation, calculation and method of payment was conducted by Ustaz Mohd Hatta Zainal Abidin, Senior Executive Employer Department of Lembaga Zakat Selangor to 42 staff of Perangsang Selangor. The programme ended with a question and answer session followed by lunch.

25 Oktober 2017 : Zakat dari segi bahasa bererti bersih dan suci. Pengertian istilah zakat ialah membersihkan harta dan membersihkan diri daripada bersifat kedekut dan bakhil. Zakat juga dapat membersihkan diri dari sifat dengki dan dendam terhadap orang lain dan mengakui bahawa segala yang kita miliki adalah kepunyaan Allah SWT.

Menurut peraturan Islam, zakat adalah 2.5% daripada jumlah kekayaan kumulatif setahun. Jumlah ini kemudiannya diagihkan kepada golongan miskin. Nabi Muhammad

SAW bersabda, "Barangsiapa yang membayar zakat atas kekayaannya akan dihapuskan dosa olehnya" (Ibn Khuzaimah dan at-Tabaraani). Zakat adalah satu cara menyucikan kekayaan seseorang dan ia juga merupakan penyucian rohani yang berfungsi sebagai cara untuk menarik seorang individu lebih dekat kepada Pencipta, Allah SWT.

Sehubungan itu Jabatan Sumber Manusia dan Pentadbiran dan Pejabat Pengerusi Perangsang Selangor telah menganjurkan sesi 'Lunch and Learn' mengenai zakat di Bilik Mesyuarat 1, Tingkat 17 Plaza Perangsang. Taklimat tentang kewajiban berzakat, pengiraan dan kaedah pembayaran telah disampaikan oleh Ustaz Mohd Hatta Zainal Abidin, Eksekutif kanan, Jabatan Majikan Lembaga Zakat Selangor kepada 42 kakitangan Perangsang Selangor. Program tersebut berakhir dengan sesi soal jawab dan diikuti dengan jamuan makan tengah hari.

Legal Talk - Mediation Taklimat Perundangan - Pengantaraan

Staff who participated in the legal talk
Kakitangan yang menyertai taklimat perundangan

26 October 2017 : Legal Department organised a Legal Talk on Mediation. A mediator is a person who helps to negotiate between two feuding parties. For example, when a married couple is considering to divorce, they sometimes hire a mediator to help them to come to an agreement, and possibly even avoid divorce.

The word mediator originated from the Latin word 'medius', which means middle. A mediator is supposed to remain in the neutral position rather than taking one side over another, in order to help both sides to resolve a dispute. Mediators negotiate between employers and employees, disputing couples, and in schools helping kids work out their conflicts peacefully rather than fighting on the playground or lunchroom. When two sides disagree, it's time for mediation - a process where someone uninvolved helps settle a dispute.

The fruitful knowledge session was presented by the renowned and experience lawyer Madam Wong Lu Peen, a senior Partner of a legal firm Messrs Wong Lu Peen and Tunku Alina. The talk was held at Meeting Room 1 level 17 and attended by 26 staff.

26 Oktober 2017 : Jabatan Undang-undang telah mengadakan satu taklimat undang-undang berkenaan pengantara. Pengantara adalah pihak ketiga yang dilantik bagi membantu dalam rundingan di antara dua pihak yang bertelagah. Sebagai contoh, apabila pasangan suami isteri sedang mempertimbangkan perceraian, mereka melantik pengantara yang boleh membantu mereka untuk mencapai persetujuan, dan mungkin juga mengelakkan perceraian.

Pengantara atau dalam Bahasa Inggerisnya disebut sebagai 'mediator' berasal dari

perkataan Latin 'medius', yang bermaksud tengah. Pengantara sepatutnya kekal di kedudukan yang neutral tanpa menyebelahi mana-mana pihak, untuk membantu kedua-dua belah pihak dalam menyelesaikan pertikaian. Pengantara berunding di antara majikan dan pekerja, pasangan yang bertelingkah, dan membantu kanak-kanak menyelesaikan konflik mereka secara baik bagi mengelakkan pergaduhan di sekolah. Apabila dua pihak tidak bersetuju, sudah tiba masanya untuk melantik pengantara, di mana proses ini melibatkan perlantikan seseorang yang tidak terlibat bagi membantu menyelesaikan pertikaian.

Sesi taklimat yang bermanfaat tersebut telah disampaikan oleh peguam terkenal dan berpengalaman iaitu Madam Wong Lu Peen seorang rakan kongsi dari firma guaman Tetuan Wong Lu Peen dan Tunku Alina. Taklimat tersebut telah diadakan di Bilik Mesyuarat 1 Tingkat 17 dan dihadiri oleh 26 kakitangan.
